2020 - 2024

- Bachelor's degree (MIS)
Higher Institute of Commercial Sciences

EXPERIENCE

2020 - Present

Remote

- Flutter Developer
Freelancer
Worked as a freelance Flutter Developer for over two years, delivering custom mobile applications for clients across different industries. Projects included e-commerce, logistics, fitness, and entertainment apps, with full responsibility for app architecture, UI/UX implementation, API integration, and deployment.

2022 - 2024

Dubai, United Arab Emirates (Remote)

- Flutter Developer
Kr8v Solutions
Kr8v Solutions is a digital solutions company specializing in web and mobile app development, UX/UI design, branding, and digital advertising campaigns. I contributed as a Flutter Developer, working on cross-platform mobile applications and supporting the delivery of innovative digital products. (Experience certificates and references available upon request)

09/2024 - 11/2024

Dubai, United Arab Emirates (Remote)

- Flutter Developer
GRAMS
GRAMS is a health and wellness tech company based in Dubai, offering personalized meal planning and delivery solutions. I worked as a Flutter Developer, building and enhancing the mobile application that integrates personalized meal algorithms, delivery features, and dietitian support to promote sustainable healthy lifestyles. (Experience certificates and references available upon request)

Date period

Peterborough, Ontario (Remote)

- Senior Flutter Developer
Intelligent Innovations Lab
HealthLK is a healthcare technology platform designed to connect patients with providers, organize medical information, and optimize healthcare delivery using AI and real-time algorithms. I contributed as a Flutter Developer, building core mobile features including appointment management, health records integration, and communication tools, while ensuring seamless performance and secure cloud-based deployment.
